

April 5, 2024

Hello Membership,

In an effort to ensure everyone affected by the flood has the physical help they will need when ready to begin clean up, we are in the process of coordinating a list of members in need and a volunteer list of those able to help.

We have a diverse community here at SRCA which is what makes us so great! We would like to make sure every member has a strong support system and the physical help that may be required during this difficult time.

Any individuals who would like to volunteer for clean up efforts helping a fellow camper, please call ASAP providing your name and cell phone number.

If you are in need of assistance with clean up, please call and provide your name, site number and contact information so that someone can contact you shortly to coordinate clean up efforts with you.

To alleviate the office staff from the burden of increased phone calls, a member has graciously offered to coordinate this effort.

Please call Samantha at 412-877-3822.

Thank you to the membership for your willingness to make sure no one is left behind. It is greatly appreciated!

Sincerely,

Dan Bowen President
